

## **CORPORATE FLU SHOT INFORMATION**

The single best way to prevent the spread of influenza is to get vaccinated! **FluShot4you**, a subsidiary of Northwest Health and OsteoScreening, offers employers a convenient and cost effective way to safeguard employee health by providing onsite flu clinics. ***Vaccines are limited; reserve yours today!***

### **Participants:**

- Employees, spouses and dependents must be 9 years or older
- Spouses and dependents can be included at your discretion.
- Participants must complete a consent form prior to receiving the vaccination.
- A minimum of 20 participants are required for an on-site flu shot clinic.

### **Scheduling:**

- We are currently accepting appointments for clinics. Clinics can be scheduled online at [www.flushot4you.com/scheduling.php](http://www.flushot4you.com/scheduling.php) or by calling us at **(208) 378-4584**. Clinics begin mid September and run through December.
- Clinics generally run 1-4 hours long depending on the number of participants.
- **FluShot4you** will do our best to accommodate employers work schedules. FluGram cards are available for purchase for those employees who may not be able to attend the flu shot clinic. FluGrams are redeemable at any Treasure Valley Shopko flu clinic location through the season and include a list of our Shopko locations and schedules.

### **Billing:**

We have available the following billing options:

- **Employer Pay:** The employer will be invoiced for all flu vaccinations.
- **Employer/Spouse Self Pay:** **FluShot4you** will collect payment (cash, check, debit, visa and mastercard) from employees and spouses at the time of service.
- **Shared Cost:** **FluShot4you** will collect partial payment from employees and spouses at the time of service and invoice the employer for the remainder, following the clinic.
- **Roster Billing:** For employers with Blue Cross of Idaho, this option allows employees to be reimbursed through the group health plan. Employees will be required to provide their health insurance information and pay for the vaccination at the clinic. **FluShot4you** will submit a roster bill (claim) to the insurance plan on their behalf.

### **Contact:**

If you have further questions please contact Danielle Bennion at (208) 867-4032 or email [flu@nwosteo.com](mailto:flu@nwosteo.com).
